You are now ready to retrieve an existing case or create a new case.

Note: *If you are logging in with a temporary password, go to page 38.*

Retrieve an Existing Case To retrieve an existing case, enter one of the following pieces of identifying information:

- Social Security Number or
- Last Name or
- Birth Date or
- Case Status – (OPM use only)

Notes:

- ***If the SSN has been assigned to a case by an agency other than the user's, the user will not be able to retrieve the case.***
- ***An agency's retirement counselor can only view that agency's retirement estimates.***

FACES Retirement Benefits Estimator – A User Guide

Create a New Case

To create a new case, point and click on “Create New Case” in the Main Menu. The Create New Case screen will appear. Your User Login and name, along with your agency ID number and name, will automatically appear in the fields under **Case Information**.

Note: Keyboard navigation may be done by using the Tab key rather than the mouse.

The screenshot shows a web application interface. On the left is a 'Main Menu' with three links: 'Create New Case', 'Retrieve Case', and 'Change Password'. A mouse cursor is hovering over 'Create New Case'. The main area is titled 'Create New Case' and contains a 'Case Information' section with the text 'Specialist: FTGEORGE Frank George'. Below that is a 'Customer Information' section with the following fields: 'Agency' (text box with '24'), 'Case Type' (dropdown menu), 'Retirement Type' (dropdown menu), 'Last Name' (text box), 'First Name' (text box), 'MI' (text box), 'Birth Date' (text box), 'SSN' (text box with dashes), 'Gender' (radio buttons for 'Male' and 'Female'), 'US Citizen' (checkbox), and 'Married' (checkbox). At the bottom is a 'Required Fields' section with a 'Create New Case' button.

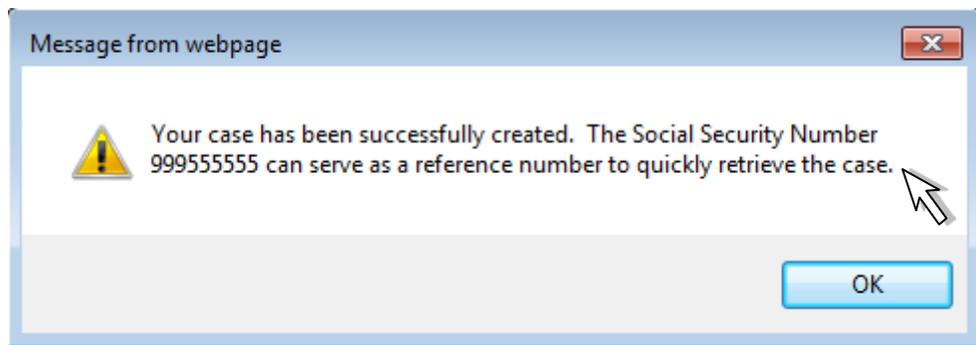

- **Agency** – The agency ID number is automatically entered.
- **Case Type** – Select a case type: (Required Field)
 - 1. CSRS or
 - 2. FERS
- **Retirement Type** – Select a retirement type: (Required Field)
 - 1. Voluntary
 - 2. Involuntary
 - 3. Disability
 - 4. Service Credit
 - 5. Early Out
 - 6. Deferred/PPD
 - 8. Deceased Employee

FACES Retirement Benefits Estimator – A User Guide

Create A New Case (Continued)

- **Last Name** – Enter customer’s last name. (Required Field)
- **First Name** – Enter customer’s first name.
- **MI** – Enter customer’s middle initial.
- **Birth Date** – Enter customer date of birth. (Required Field)
- **SSN** – Enter customer’s social security number. (Required Field)
Note: If the employee does not have a SSN, assign a number that begins with 999, as to not conflict with a real SSN.
- **Gender** – The screen automatically defaults to Male. If the customer is female, point and click on the radio button next to Female.
- **US Citizen** – The screen automatically enters a check in the box next to US Citizen. If the customer is a non-citizen, remove the check mark by pointing and click on the box.
- **Married** – If the customer is married, point and click on the box next to Married.

After entering all customer information, point and click on **Create New Case**. The following message will appear. Click on the OK button to continue.

Header Information

Upon the creation of a new case or return to an existing case, the Benefits Estimator will automatically move to the **Header Information** screen. Here, along with the Customer Information you entered, you will enter:

- **Survivor Information**
- **Military Information**
- **Health Benefits Information**
- **Life Insurance Information**
- **Service Computation Date**
- **FERS Annuity Supplement or CSRS Offset** (if applicable).

Correction Errors – If any of the information entered in the Header is incorrect, make the necessary corrections.

Saving Information – Point and click on **(Save)** next to Header in the Main Menu, or on **Go To Save**.

Note: If the Retirement Type is Deceased Employee, enter the date of death in the Date of Death field under Customer Information. Otherwise, it is blocked.

FACES Retirement Benefits Estimator – A User Guide

Survivor Information (Continued)

- **Relation** – The program will enter the appropriate relationship based on the gender of the customer.
- **US Citizen** – If the survivor is not a US citizen, point and click on the box to remove the checkmark.
- **Survivor Options** - Select the appropriate survivor option from the drop down list.
 - **Full (CSRS)** – 55% of the retiring employee’s unreduced annuity.
 - **All (FERS)** – 50% of the retiring employee’s unreduced annuity.
 - **Half (FERS)** – 25% of the retiring employee’s unreduced annuity.
 - **None** – No survivor annuity.
 - **CSRS Partial** – A dollar amount that is more than \$3600 but less than the maximum 55% of the retiring employee’s unreduced annuity.
- **Survivor Yearly Amount** - If the survivor option is a CSRS partial survivor, enter the yearly survivor dollar amount.

Military Service Information

Enter military service information, in the **Military Information** portion of the header.

- If the employee had no military service or is not paying the FERS post-56 deposit, let this portion of the header default to **None**.

The screenshot shows a web-based application interface. On the left is a 'Main Menu' with links: [Create New Case](#), [Retrieve Case](#), [Checkin Case](#), [Header \(Save\)](#), [Service](#), [Salary](#), [Address](#), and [M...](#). The main content area is titled 'Military Information' and contains two dropdown menus: 'Branch Of Service' with 'None' selected, and 'Military Retirement Pay' with 'Not Applicable' selected. Below these are two small links: [Go to Top](#) and [Go to Save](#).

- If the employee had creditable military service or is in receipt of military retired pay, select the branch of service from the drop down list in the window next to **Branch of Service**.

FACES Retirement Benefits Estimator – A User Guide

Military Service Information (Continued)

The screenshot shows the 'Main Menu' on the left with links like 'Create New Case', 'Retrieve Case', 'Checkin Case', 'Header (Save)', 'Service', 'Salary', 'Address', 'Memos', 'Earnings', 'Disability', 'TC WAE', and 'TC Summary'. The 'Military Information' section includes 'Branch Of Service' (dropdown), 'Military Retirement Pay' (dropdown), and 'Health Benefit Information'. The 'Branch Of Service' dropdown is open, showing a list of military branches. A mouse cursor is pointing at the dropdown arrow.

If the employee is in receipt of military retirement pay, select the waiver status from the drop down list in the window next to **Military Retirement Pay**. Otherwise, let the window default to **Not Applicable**.

The screenshot shows the 'Main Menu' on the left. The 'Military Information' section includes 'Branch Of Service' (dropdown), 'Military Retirement Pay' (dropdown), and 'Health Benefit Information'. The 'Military Retirement Pay' dropdown is open, showing options: 'Not Applicable', 'Not Applicable', 'Waived', and 'Not Waived'. A mouse cursor is pointing at the dropdown arrow.

Health Benefits Information

Enter health benefits information in the **Health Benefits** portion of the header. Enter the enrollment code for the health plan in the window next to **Enrollment Code**.

The screenshot shows the 'Main Menu' on the left. The 'Health Benefit Information' section includes 'Enrollment Code' (text input), 'Blue Cross and Blue Shield', 'Set the Health Benefit to not enrolled' (checkbox), and 'Show HB Codes' (button). The 'Enrollment Code' field contains the value '104'. The 'Set the Health Benefit to not enrolled' checkbox is unchecked.

FACES Retirement Benefits Estimator – A User Guide

Health Benefits Information (Continued)

If the employee has no health benefits or is not eligible to continue health benefits coverage into retirement, or wishes to cancel their health benefits, enter **011 Not Enrolled**.

To look up an enrollment code, click on the button marked **Show HB Codes**. A list of all FEHB plans will appear in another window, preceded by their enrollment codes.

Plan Code	Plan Name
011	Not enrolled
099	Not enrolled
101	Blue Cross and Blue Shield
102	Blue Cross and Blue Shield
104	Blue Cross and Blue Shield
105	Blue Cross and Blue Shield
111	Blue Cross Blue Shield
112	Blue Cross Blue Shield
121	Principal Care Plan of St. Louis (formerly MetraHealth Care Plan of St. Louis)
122	Principal Care Plan of St. Louis (formerly MetraHealth Care Plan of St. Louis)

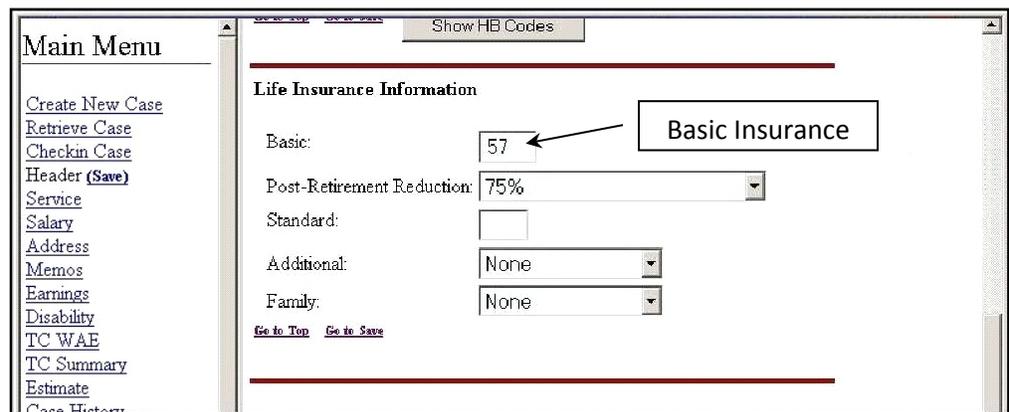

Enter the appropriate 3-digit enrollment code on the Estimator. If not enrolled, please enter 011. Click **Go to Save**.

Life Insurance Information

Enter life insurance information in the **Life Insurance Information** portion of the header.

Note: *When entering header information for Deceased Employee, the Life Insurance Information fields are blocked.*

- **Basic Insurance** – In the window next to **Basic**, enter Basic Insurance amount. (Generally the Basic Insurance amount is the final salary rounded up to nearest thousandth dollar, plus two thousand.) Enter only the number of thousands. (e.g. \$57,000 = 57)

The screenshot shows the 'Life Insurance Information' section of the estimator. The 'Basic' field is highlighted with a box and an arrow, containing the value '57'. Other fields include 'Post-Retirement Reduction' (75%), 'Standard' (empty), 'Additional' (None), and 'Family' (None). A 'Main Menu' is visible on the left.

FACES Retirement Benefits Estimator – A User Guide

Life Insurance Information (Continued)

If the employee has no Basic Insurance or is not eligible to continue Basic Insurance into retirement, leave blank.

- **Post Retirement Reduction** – From the drop down list in the window next to Post-Retirement Reduction, select the level of Basic Life Insurance desired.

The screenshot shows the 'Life Insurance Information' section of the FACES Retirement Benefits Estimator. The 'Post-Retirement Reduction' dropdown menu is open, showing options: No Life Insurance, 75%, 50%, No Reduction, Assignment - 75% Reduction, Assignment - 50% Reduction, Assignment - No Reduction, Full Living Benefit, Partial Living Benefit, and OWCP. A box labeled 'Post-Retirement Reduction' points to the dropdown menu. The 'Basic' field is empty. The footer shows 'U.S. Office of Personnel Management 1900 E' and '1800 | TTY (202) 606-2532'.

- **Option A – Standard Optional Insurance** - Enter the amount of Option A - Standard Optional Insurance in the field next to Standard. (e.g. \$10,000 = 10)

If the employee did not elect Option A or is not eligible to continue Option A into retirement, leave blank.

The screenshot shows the 'Life Insurance Information' section of the FACES Retirement Benefits Estimator. The 'Standard' field is set to 10. A box labeled 'Option A' points to the 'Standard' field. The 'Post-Retirement Reduction' dropdown menu is set to 75%. The 'Basic' field is set to 57. The 'Additional' and 'Family' dropdown menus are set to None. The footer shows 'Show HB Codes' and 'Go to Top Go to Save'.

- **Option B – Additional Optional Insurance** - Select the number of multiples and the level of coverage from the drop down list.

If the employee did not elect Option B or is not eligible to continue Option B into retirement, let the field default to “None”.

FACES Retirement Benefits Estimator – A User Guide

Life Insurance Information (Continued)

The screenshot shows the 'Life Insurance Information' form. The 'Family' dropdown menu is open, displaying the following options: None, 1X Reduced, 2X Reduced, 3X Reduced, 4X Reduced, 5X Reduced, 1X Non-reduced, 2X Non-reduced, 3X Non-reduced, 4X Non-reduced, 5X Non-reduced, and OWCP. A red horizontal line is drawn under the 'None' option. A box labeled 'Option B' has an arrow pointing to the 'None' option.

- **Option C – Family Optional Insurance** - Select the number of multiples and the level of coverage from the drop down list.

If the employee did not elect Option C or is not eligible to continue Option C into retirement, let the field default to “None”.

The screenshot shows the 'Life Insurance Information' form. The 'Family' dropdown menu is open, displaying the following options: None, 1X Reduced, 2X Reduced, 3X Reduced, 4X Reduced, 5X Reduced, 1X Non-reduced, 2X Non-reduced, 3X Non-reduced, 4X Non-reduced, 5X Non-reduced, and OWCP. A red horizontal line is drawn under the 'None' option. A box labeled 'Option C' has an arrow pointing to the 'None' option.

To delete life insurance information, delete the Basic amount. When the file is saved the life insurance information will be deleted.

Other Information

Service Computation Date – Enter the service computation date in the field next to Service Computation Date.

CSRS Offset Years – Enter the number of years of CSRS offset service in the field next to CSRS Offset Years. **Note: If the annuity estimate is a FERS estimate, the CSRS Offset Years field is disabled.**

Service for John Doe

Service Information

Case Type: 2: FERS

Retirement Type: 1: Voluntary

Part Time Needed:

Frozen Unused Sick Leave: [] (Enter Actual Hours)

Final Unused Sick Leave: [] (Enter Actual Hours)

Projected Sick Time: 0

Overseas:

Add, Update or Delete Existing Information
(click the checkbox to delete a row, then click Save.)

Row	Delete	TC Date	Retirement Code	Service Code	Amount	Multiplier
*	<input type="checkbox"/>	[]	[]	[]	[]	[]

<< Add a New Row Save

- **Case Type** – The case type field will populate with the information entered when the case was created.
- **Retirement Type** – The retirement type field will populate with information entered when the case was created.
- **Part Time Needed** – If there is part time service present in the employee's service history, and the employee is:
 - CSRS w/part time service after 4/7/86
 - Straight FERS

FACES Retirement Benefits Estimator – A User Guide

Service Information (Continued)

- FERS Transfer w/part time service after 4/7/86. Point and click on the Part Time Needed box. This will expand the service line to enable coding of part-time service.
(See: **Entering Part Time Service**)
- **Frozen Unused Sick Leave** – Unused sick leave balance at the time of the FERS election. This field is hidden if the Case Type is CSRS.
- **Final Unused Sick Leave** – Unused sick leave balance at the time of retirement.
- **Projected Sick Time**
 - **CSRS or FERS** – Enter the amount of unused sick leave projected to retirement.
 - **FERS Transfer** – Enter the amount of unused sick leave projected to retirement or the amount of unused sick leave at transfer to FERS, whichever is lesser.
- **FERS V.A. Registered Nurse** – Prior to 01/01/2014, only Registered Nurses with occupational codes of 0610 and 0605 qualified to receive 100% of their unused sick leave at the time of retirement. This field is visible only if:
 - the retirement counselor who is currently logged on belongs to the Veterans Administration, and
 - the Case Type is FERS.

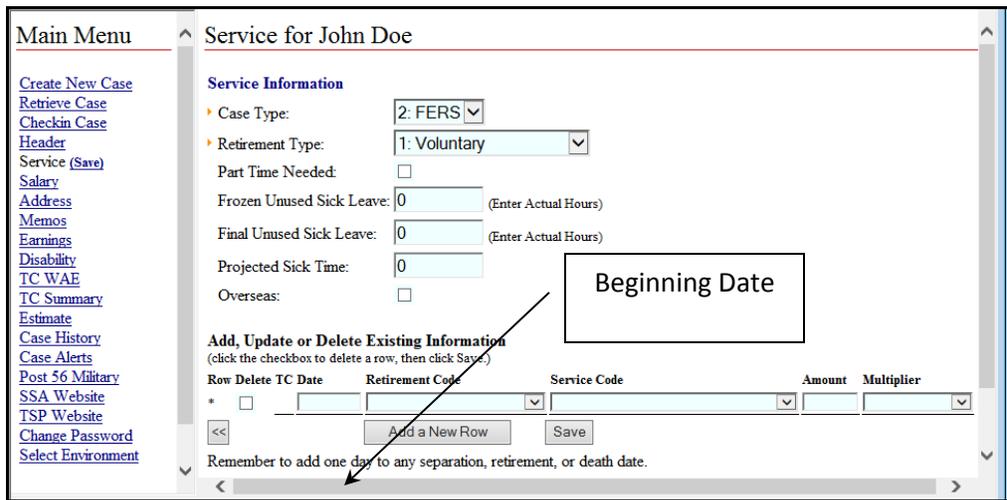

Overseas Service

If the employee had **Overseas Service**, point and click on the box next to **Overseas**. FERS and CSRS fields will appear. Enter the amount of Overseas Service in months and years.

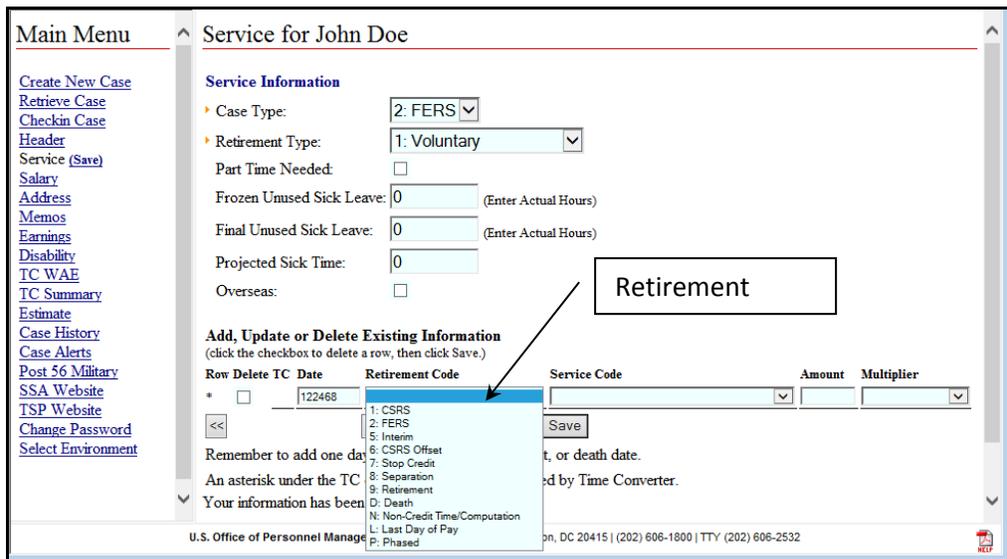

The screenshot shows the 'Service Information' section for 'John Doe'. The 'Case Type' is set to '2: FERS' and 'Retirement Type' is '1: Voluntary'. The 'Overseas' checkbox is checked. Below it are input fields for 'FERS Months', 'FERS Years', 'CSRS Months', and 'CSRS Years'. A red bracket groups these four fields with the label 'Overseas Service'. A callout box labeled 'Overseas Service' points to the 'Overseas' checkbox. At the bottom, there is a table with columns for 'Row', 'Delete', 'TC Date', 'Retirement Code', 'Service Code', 'Amount', and 'Multiplier'. The table contains one row with a minus sign in the 'Delete' column.

FACES Retirement Benefits Estimator – A User Guide

Add, Update or Delete Existing Information In this section of Service Information lines of service can be added, updated, or deleted.

- **Add Service Information** – Begin entering the employee’s service information in the line beneath Row 1. Start with the earliest period of creditable service.
- **Date** – Enter the beginning date of the first period of creditable service. (MMDDYY)

FACES Retirement Benefits Estimator – A User Guide

Add, Update or Delete Existing Information (Continued)

- **Retirement Code** – Select the retirement code from the list box under Retirement Code.
 1. **CSRS** – Any service creditable under the Civil Service Retirement System.
 2. **FERS** – Any service creditable under the Federal Employees Retirement System.
 5. **Interim** – CSRS service from 01/01/84 to 12/31/86 for which both retirement and social security deductions were made.
 6. **CSRS Offset** – CSRS service for which both retirement and social security deductions were made.
 7. **Stop Credit** – Used to stop credit when coding WAE or Intermittent service.
 8. **Separation** – Used at the end of a period of service.
 9. **Retirement** – Used at the end of the final period of service.
- D: Death** – Use on the date of death.
- N: Non-Credit Time/Computation** – Used to indicate service that is not creditable for title or computation, i.e. FICA service on or after 01/01/89 in a FERS retirement.
- L: Last Day of Pay** – Used to indicate the last day the employee was in a pay status. This is needed for disability retirement and may be used for CSRS retirements.
- P: Phased** – Used to indicate the Phased Retirement commencing date. Like 9-Retirement, nothing is to be coded after this entry.
- **Service Code** – Select a service code from the dropdown list under **Service Code** that describes the service being entered.

The screenshot shows the 'Service for John Doe' form. The 'Service Code' dropdown menu is open, showing a list of codes: 1: Civilian Covered Service, 2: Creditable Military, 3: Unpaid Fica, 4: Paid Fica, 5: Unpaid Redeposit, 6: Pre 10/90 Refund, 7: Post 10/90 Refund, 8: Cash 67, 9: Refunded CSRS creditable as FERS, B: SSS CBPO, C: Law Enforcement/FF, D: Unpaid Fica-6C, E: Unpaid Redeposit-6C, F: Pre 10/90 Ref-6C, G: Post 10/90 Ref-6C, H: Refunded CSRS-6C creditable as FERS-6C, P: Phased Service, L: Refund, M: Refund-6C. A callout box labeled 'Service Code' points to the dropdown list.

FACES Retirement Benefits Estimator – A User Guide

**Add, Update or
Delete Existing
Information**
(Continued)

- 1. Civilian Covered Service** – Creditable civilian CSRS or FERS service for which retirement deductions were withheld.
- 2. Creditable Military** – Creditable military service under CSRS or FERS. (Pre 1/1/57 service or paid Post-56)
- 3. Unpaid FICA** - Any civilian service for which retirement deductions were not withheld. (Requires an entry in the Amount field.)
- 4. Paid FICA** – Any civilian service for which a deposit was paid.
- 5. Unpaid Redeposit** – Any period of CSRS service for which retirement deductions were refunded and not repaid.
- 6. Pre 10/90 Refund** – Identifies a CSRS refund that was made prior to 10/1/90. (Requires an entry in the Amount field.)
- 7. Post 10/90 Refund** – Identifies a CSRS refund that was made on or after 10/1/90. (Requires an entry in the Amount field.)
- 8. Catch 62** – Creditable CSRS post-56 military service for which a deposit was not made and the employee was first hired after 10/1/82. If the employee is eligible for Social Security at age 62, the military service is eliminated from the annuity computation.
- 9. Refunded CSRS Creditable as FERS** – Refunded CSRS service (not Offset or Interim service) based on an application filed before FERS coverage began and totaling less than five years. A FERS deposit must be made to receive credit. (Require an entry in the Amount field.)
- B: 535 CBPO** – Identifies CBPO service under PL 110-161, effective 07/06/2008.
- C: Law Enforcement/FF** – Law enforcement or firefighter service.
- D: Unpaid FICA-6C** – Identifies unpaid FICA service that may be needed to meet title for a LEO/FF retirement.
- E: Unpaid Redeposit-6C** – Identifies unpaid refunded service that may be needed to meet title for a LEO/FF retirement.
- F: Pre 10/90 Ref-6C** – Represents the date/amount of refund of refunded LEO/FF service that ended prior to 10/01/1990.
- G: Post 10/90 Ref-6C** – Represents the date/amount of refund of refunded LEO/FF service that ended on or after 10/01/1990.
- H: Refunded CSRS-6C creditable as FERS-6C** – Represents a period of refunded CSRS LEO/FF service that, if paid, will be creditable towards FERS.

FACES Retirement Benefits Estimator – A User Guide

Add, Update or Delete Existing Information (Continued)

- P: Phased** – Identifies the date Phased service began.
- L: Refund** – Identifies the date and amount of a refund payment for non-enhanced benefit service (EBS), i.e., law enforcement officer, firefighter, Customs and Border Protection Officer, that was subject to standard FERS retirement deductions. Enter the date and amount from the refund stamp on the Individual Retirement Record. If part of the refund period(s) was EBS, use L or M (see below) based on the nature of the service at separation.
- M: Refund-6C** – Identifies the date and amount of a refund payment for enhanced benefit service (EBS), i.e., law enforcement officer, firefighter, Customs and Border Protection Officer, that was subject to higher FERS retirement deductions. Enter the date and amount from the refund stamp on the Individual Retirement Record. If the entire refund period(s) was not EBS, use L (see above) or M based on the nature of the service at separation.

- **Amount** – Enter a dollar amount for Service Codes which require an entry in the Amount field.

Separation Date + 1
Separation Code: 8

Continue entering all periods of creditable service in this manner. When the retirement date is reached, use the Retirement Code - **9. Retirement**. Remember to add a day.

Reminder: To **add** a new service line click on either the **Add a New Row** button or the **Save** button. To **delete** a service line, point and click on the **Delete** box next to the row number, then point and click on the **Save** button.

Note: Whenever applicable, the Retirement Benefits Estimator will automatically enter a 10/01/82 line and/or a 01/01/70 line.

FACES Retirement Benefits Estimator – A User Guide

Time Converter The FACES Time Converter can be used to convert both WAE hours and WAE days to calendar time, summarize the service and send it to the Service screen.

Accessing the Time Converter To access the Time Converter WAE:

1. Log on to the FACES Retirement Estimator.
2. On the Main Menu point and click on TC WAE.

The screenshot shows the 'Main Menu' on the left with a list of options. 'TC WAE' is highlighted with a mouse cursor. The main content area shows the 'Time Converter WAE' form. At the top, 'Retirement Type' is set to '1: Voluntary'. Below are fields for 'Part Time Needed', 'Frozen Unused Sick Leave', 'Final Unused Sick Leave', and 'Projected Sick Time', all set to '0'. There is an 'Overseas' checkbox which is unchecked. A section titled 'Add, Update or Delete Existing Information' contains a table with columns: Row, Delete, TC, Date, Retirement Code, Service Code, Amount, and Multiplier. The table has two rows: Row 1 with TC 12/24/1968, Retirement Code 1: CSRS, Service Code 3: Unpaid Fica, Amount 2347, and Multiplier 2: Earnings; Row 2 with TC 2/26/1969, Retirement Code 8: Separation. Below the table are 'Add a New Row' and 'Save' buttons. A note states: 'Remember to add one day to any separation, retirement, or death date. An asterisk under the TC column signifies line was added by Time Converter. Your information has been saved.'

Entering WAE Service The Time Converter WAE screen appears when TC WAE is selected. Here each period of WAE service is added, updated or deleted.

The screenshot shows the 'Time Converter WAE for John Doe' screen. The left 'Main Menu' is visible. The main content area is titled 'Time Converter WAE Information'. It has a section 'Add, Update or Delete Existing Information' with a sub-note '(click the checkbox to delete a row, then click Save.)'. Below is a table with columns: Row, Del, Start Date, Time Units, Multiplier, Retirement, Yrs Mns Days, and Stop Date. There is one row with an asterisk under the 'Del' column, an unchecked checkbox, and a dropdown menu set to 'Non-Postal Effective 3/1/1986 (2087)'. The 'Retirement' column has a dropdown set to '1: CSRS'. Below the table are 'Add a New Row' and 'Save and Calculate' buttons. At the bottom, there are links for 'FACES User Guide' and 'Contact FACES Help Desk'.

FACES Retirement Benefits Estimator – A User Guide

**Entering
WAE Service**
(Continue)

There are four fields where information must be entered.

1. The Start Date of each period of WAE service.
2. The Time Units. (Number of hours or days worked)
3. A Multiplier.
4. Retirement description.

Add, Update or Delete Existing Information
(click the checkbox to delete a row, then click Save.)

Row	Del	Start Date	Time Units	Multiplier	Retirement	Yrs	Mns	Days	Stop Date
*	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	Non-Postal Effective 3/1/1986 (2087) ▼	1: CSRS ▼				

- In the field under Start Date enter the beginning date of the period of WAE service to be converted.
- In the field under Time Units enter the number of hours or days to be converted.
- In the field under Multiplier select a Multiplier from the dropdown list.
 1. Non-Postal Effective 3/1/1986 (2087)
 2. Non-Postal Before 3/1/1986 (2080)
 3. Postal FT, NTFT, LT, RCA/RCR (2080)
 4. Postal Flex Effective 7/25/1985 (2000)
 5. Postal Flex Effective 7/20/1971 (2008)
 6. Postal Flex Effective 12/3/1955 (2016)
 7. Postal Flex Effective 7/1/1945 (2024)
 8. 260 Day Chart Conversion
- In the field under Retirement select a retirement type from the dropdown list.
 1. CSRS
 2. FERS
 5. Interim
 6. Offset

FACES Retirement Benefits Estimator – A User Guide

Entering WAE Service (Continue)

- After the fields are filled in, double check to see that all information is correct. Then point and click on the Save and Calculate button.

Add, Update or Delete Existing Information
(click the checkbox to delete a row, then click Save.)

Row	Del	Start Date	Time Units	Multiplier	Retirement	Yrs	Mns	Days	Stop Date
*	<input type="checkbox"/>	09/01/85	659		Non-Postal Before 3/1/1986 (2080)	1	CSRS		

The Time Converter will convert the time Units into Years, Months and Days and will show a Stop (credit) Date. As with the service screen, a blank line is added for entering additional periods of WAE service, and converted service is moved up. To convert another period of service, proceed as above and Save and Calculate.

Time Converter WAE Information

Add, Update or Delete Existing Information
(click the checkbox to delete a row, then click Save.)

Row	Del	Start Date	Time Units	Multiplier	Retirement	Yrs	Mns	Days	Stop Date
1	<input type="checkbox"/>	9/1/1985	659	Hours	Non-Postal Before 3/1/1986 (2080)	1	CSRS	0 3 24	12/25/1985
2	<input type="checkbox"/>	1/1/1986	250	Hours	Non-Postal Before 3/1/1986 (2080)	1	CSRS	0 1 14	2/15/1986
3	<input type="checkbox"/>	3/1/1986	560	Hours	Non-Postal Effective 3/1/1986 (2087)	1	CSRS	0 3 7	6/8/1986
4	<input type="checkbox"/>	1/1/1987	153	Days	260 Day Chart Conversion	2	FERS	0 7 2	8/3/1987
*	<input type="checkbox"/>				260 Day Chart Conversion	2	FERS		

Note 1: Be sure that the start date and the multiplier are compatible. For example, WAE service in 1985 cannot be converted using Non-Postal Effective 3/1/1986. If this happens an error message will appear.

Note 2: There are two non-postal multipliers for 1986. If at all possible enter the pre-3/1/1986 hours separately from the hours worked on or after 3/1/1986.

Note 3: Keep in mind that the number of hours/days worked cannot exceed calendar time. For example if a person works 265 days in a calendar year, the time credited cannot exceed a year.

FACES Retirement Benefits Estimator – A User Guide

- Correcting Data Entry Errors**
- There are two ways to correct data entry errors.
1. Go to the field where the error is discovered and highlight the field. Enter the correct information and click on Save and Calculate.
 2. Go to the line where the error is discovered, click on the check box in front of the Start Date and then on Save and Calculate. The total line will be deleted from the time conversion.

Send to Service

FACES Retirement Benefits Estimator – A User Guide

Send to Service Only service that is not duplicated in the Service screen will pass to Service. If there are duplicate service lines, the following error message will appear:
(Continue)

If the above error message appears, do one of two things:

1. Delete the conflicting service line from the Service screen, or

or

2. Remove the check mark from the conflicting service line so the service is not sent.

After removing the error, resend the service from the Time Converter Summary to the Service Screen.

Service Screen Open the Service screen. Note that all service transferred from the Time Converter Summary is indicated by an asterisk at the beginning of the service line. Check over the Service screen. If all of the service information is correct, continue processing the case as normal. **NOTE:** All information sent from the TC Summary will be coded as 1-Civilian Covered Service. If it is something other than 1-Civilian Covered Service, you must correct it on the Service screen.

Add, Update or Delete Existing Information (click the checkbox to delete a row, then click Save.)

Entering Part Time Service (Continued)

Retirement Codes:

- 1: **CSRS** – Any service creditable under the Civil Service Retirement System.
- 2: **FERS** – Any service creditable under the Federal Employees Retirement System.
- 5: **Interim** – CSRS service from 01/01/84 to 12/31/86 for which both retirement and social security deductions were made.
- 6: **CSRS Offset** – CSRS service for which both retirement and social security deductions were made.
- 7: **Stop Credit** – Used to stop credit when coding WAE or Intermittent service.
- 8: **Separation** – Used at the end of a period of service.
- 9: **Retirement** – Used at the end of the final period of service.
- D: **Death** – Used on the date of death (plus one day).
- N: **Non-Credit Time/Computation** – Used to indicate service that is not creditable for title or computation, i.e. FICA service on or after 01/01/89 in a FERS retirement.
- L: **Last Day of Pay** – Used to indicate the last day the employee was in a pay status. This is needed for disability retirement and may be used for CSRS retirements.
- P: **Phased** – Used to indicate the Phased Retirement commencing date. Like 9-Retirement, nothing is to be coded after this entry.

3. In the field under Service Code enter the type of service performed by the employee.

The screenshot displays the 'Service for John Doe' interface. Under 'Service Information', the 'Case Type' is set to '2: FERS' and 'Retirement Type' is '1: Voluntary'. Below these are fields for 'Part Time Needed', 'Frozen Unused Sick Leave', 'Final Unused Sick Leave', 'Projected Sick Time', and 'Overseas'. A table below contains one row with '020192' in the 'TC' column and '2: FERS' in the 'Retirement Code' column. The 'Service Code' dropdown menu is open, showing a list of options from '1: Civilian Covered Service' to 'M: Refund-6C'. A box labeled 'Service Code' with an arrow points to the dropdown menu. The footer of the page reads 'U.S. Office of Personnel Management' and '© 2015 | (202) 696-1800 | TTY: (202) 696-2532'.

FACES Retirement Benefits Estimator – A User Guide

**Entering Part
Time Service**
(Continued)

Service Codes:

- 1: Civilian Covered Service** – Creditable civilian CSRS or FERS service for which retirement deductions were withheld.
- 2: Creditable Military** – Creditable military service under CSRS or FERS. (Pre 1/1/57 service or paid Post-56)
- 3: Unpaid FICA** – Any civilian service for which retirement deductions were not withheld. (Requires an entry in the Amount field.)
- 4: Paid FICA** – Any civilian service for which a deposit was paid.
- 5: Unpaid Redeposit** – Any period of CSRS service for which retirement deductions were refunded and not repaid.
- 6: Pre 10/90 Refund** – Identifies a CSRS refund that was made prior to 10/1/90. (Requires an entry in the Amount field.)
- 7: Post 10/90 Refund** – Identifies a CSRS refund that was made on or after 10/1/90. (Requires an entry in the Amount field.)
- 8: Catch 62** – Creditable CSRS post-56 military service for which a deposit was not made and the employee was first hired before 10/1/82. If the employee is eligible for Social Security at age 62, the military service is eliminated from the annuity computation.
- 9: Refunded CSRS Creditable as FERS** – Refunded CSRS service (not Offset or Interim service) based on an application filed before FERS coverage began and totaling less than five years. A FERS deposit must be made to receive credit. (Requires an entry in the Amount field.)
- B: 535 CBPO** – Identifies CBPO service under PL 110-161, effective 07/06/2008.
- C: Law Enforcement/FF** – Law Enforcement or Firefighter service.
- D: Unpaid FICA-6C** – Identifies unpaid FICA service that may be needed to meet title for a LEO/FF retirement.
- E: Unpaid Redeposit-6C** – Identifies unpaid refunded service that may be needed to meet title for a LEO/FF retirement.
- F: Pre 10/90 Ref-6C** – Represents the date/amount of refund of refunded LEO/FF service that ended prior to 10/01/1990.
- G: Post 10/90 Ref-6C** – Represents the date/amount of refund of refunded LEO/FF service that ended on or after 10/01/1990.

FACES Retirement Benefits Estimator – A User Guide

Entering Part Time Service (Continued)

H: Refunded CSRS-6C creditable as FERS-6C – Represents a period of refunded CSRS LEO/FF service that, if paid, will be creditable towards FERS.

L: Refund – Identifies the date and amount of a refund payment for non-enhanced benefit service (EBS), i.e., law enforcement officer, firefighter, Customs and Border Protection Officer, that was subject to standard FERS retirement deductions. Enter the date and amount from the refund stamp on the Individual Retirement Record. If part of the refund period(s) was EBS, use L or M (see below) based on the nature of the service at separation.

M: Refund-6C – Identifies the date and amount of a refund payment for enhanced benefit service (EBS), i.e., law enforcement officer, firefighter, Customs and Border Protection Officer, that was subject to higher FERS retirement deductions. Enter the date and amount from the refund stamp on the Individual Retirement Record. If the entire refund period(s) was not EBS, use L (see above) or M based on the nature of the service at separation.

P: Phased – Identifies the date Phased service began.

Note: *If the service code is one that does not require an entry in the Amount field, the Amount and Multiplier fields will not appear.*

- If required, enter a monetary amount in the **Amount** field.

Coding Average Salary

Coding Regular Average Salary – To code an average salary involving only regular covered service with no deposit service or part-time service in the average salary period:

1. Enter the beginning date of each salary rate in the **Date** field.
2. Enter the salary rate in the **Amount** field.
3. In the field under **Multiplier**, select the appropriate multiplier to describe the amount in the **Amount** field.

FACES Retirement Benefits Estimator – A User Guide

Coding Average Salary (Continued)

The screenshot shows the 'Salary for John Doe' screen. On the left is a 'Main Menu' with links like 'Create New Case', 'Retrieve Case', 'Checkin Case', 'Header', 'Service', 'Salary (S)', 'Address', 'Memos', 'Earnings', 'Disability', 'TC WAE', 'TC Summary', 'Estimate', 'Case History', 'Case Alerts', 'Post 56 Military', 'SSA Website', 'TSP Website', 'Change Password', and 'Select Environment'. The main area has a title 'Salary for John Doe' and a 'Multiplier' dropdown. Below the title are fields for 'Salary Rate', 'Additional Average Salary', and 'Beginning Date'. A table with columns 'Row', 'Date', 'Amount', and 'Multiplier' is present. A dropdown menu for 'Multiplier' is open, showing options: 1: Annual, 2: Earnings, 3: Hourly, 4: Daily, 5: FERS APS, 6: CSRS APS, 7: FR 6C/535 APS, 8: CR 6C/535 APS, 9: Post Flex Hourly, A: Limited Tour, B: FERS PT Ded, C: CSRS PT Ded, D: CSRS Offset APS, E: CSRS PT Offset Ded. Callout boxes point to 'Salary Rate', 'Beginning Date', and 'Multiplier'.

Multipliers

- | | |
|-----------------------|--|
| 1: Annual | A: Limited Tour |
| 2: Earnings | B: FERS PT DED (For coding deductions in PT cases.) |
| 3: Hourly | C: CSRS PT DED (For coding deductions in PT cases.) |
| 4: Daily | D: CSRS Offset APS |
| 5: FERS APS | E: CSRS Offset PT DED (For coding deductions in CSRS Offset PT cases.) |
| 6: CSRS APS | |
| 7: FERS 6C/535 APS | |
| 8: CSRS 6C/535 APS | |
| 9: Postal Flex Hourly | |

4. Repeat steps 1 through 3 for each pay change.
5. Enter the ending date of the period plus one day with no salary amount. (The ending date defaults to the Retirement date entered in the Service screen.)

Note: If there are breaks in service entered in the Service screen that occur during the average salary period, the same breaks must be coded in the Salary screen.

FACES Retirement Benefits Estimator – A User Guide

Coding Part-time Average Salary

Coding Average Salary with Part-time Tour – To code the average salary involving a part-time tour of duty:

1. Point and click on the box next to **Part Time Needed**.
2. Enter the beginning date of each salary rate in the **Date** field.

- E: CSRS Offset PT DED (For coding deductions in CSRS Offset PT cases.)

5. In the field under Tour of Duty enter the tour of duty during the time the salary rate was in effect. For example, if the tour of duty was 28 hours per week, enter 28 in the first box and 40 in the second box.

The screenshot shows the 'Salary for John Doe' form. On the left is a 'Main Menu' with links like 'Create New Case', 'Retrieve Case', etc. The main form area has 'Salary Information' with fields for 'Part Time Needed' (checked), 'Additional Average Salary' (unchecked), and 'BEDB Final Salary'. Below is a table for 'Add, Update or Delete Existing Information' with columns: Row, Date, Amount, Multiplier, and Tour of Duty (with sub-columns for ex. 40/80 and ex. 10/40). A row is entered with Date '110394', Amount '25000', Multiplier '1: Annual', and Tour of Duty '28' and '40'. A box labeled 'Tour Hours' has arrows pointing to these two boxes. Below the table are 'Add a New Row' and 'Save' buttons, and a reminder to add one day to any separation, retirement, or death date. At the bottom are links for 'FACES User Guide' and 'Contact FACES Help Desk'.

6. Repeat steps 2 through 6 for each pay change.
7. Enter the ending date of the average salary period plus one day with no salary amount.

Note: It is only necessary to enter the tour of duty at the beginning of each period of part-time service or when the tour of duty changes.

FACES Retirement Benefits Estimator – A User Guide

Address

Contact information along with the employee's EFT routing information is entered in the Address screen. To access the **Address** screen, point and click on **Address** in the Main Menu.

1. Begin by entering the employee's telephone number and email address, if one is available. **Note:** At this time, numbers cannot be entered for the email.
2. Enter the employee's address as it will appear in the mainframe. It may be necessary to abbreviate some words in the employee Name and Address lines as each line is limited to 22 characters including spaces.

The screenshot shows the 'Address for John Doe' screen. On the left is a 'Main Menu' with links: Create New Case, Retrieve Case, Checkin Case, Header, Service, Salary, Address (Save), Memos, Earnings, Disability, TC WAE, TC Summary, Estimate, Case History, Case Alerts, Post 56 Military, SSA Website, TSP Website, and Change Password. The main area is titled 'Address for John Doe' and contains two sections: 'Customer Information' and 'Address for Mainframe'. 'Customer Information' has fields for 'Phone Number' (2025551010) and 'E-Mail Address' (John.Doe@abcinternet.net). 'Address for Mainframe' has fields for 'Name' (John X Doe), 'Address' (100 Any Street), and five 'Line' fields (Line 2: Any City XX 00001, Line 3, Line 4, Line 5). The footer contains contact information for the U.S. Office of Personnel Management and a HELP icon.

3. Enter the employee's full address, as used for correspondence, in **Address for Letters**.
4. Enter the EFT information in EFT Routing. Enter the bank routing number in the field next to **EFT Routing Number**.
5. Select the **Account Type** by pointing and clicking on the radio button next to **Checking** or **Savings**.
6. Enter the Checking or Savings account number in the field next to **Account Number**.

FACES Retirement Benefits Estimator – A User Guide

Earnings Information

Earnings Information is used to estimate the FERS annuity supplement, CSRS Offset, or Windfall Elimination. Earnings may be obtained from the employee's annual Social Security estimate.

- **Contributions Needed**

If annual retirement contributions are available, they may be used in lieu of the earnings. Put a check mark in the Contributions Needed box, otherwise use earnings.

- **FERS Annuity Supplement Information**

For employees who are eligible for a FERS Annuity Supplement, FACES will automatically determine the first full year of FERS service and the year the Annuity Supplement begin.

Values used by FACES to compute the annuity supplement estimate may be overridden by entering a different year (YYYY) in the field marked **First Full Calendar Year of FERS Contributions** and/or **Year the Annuity Supplement Begins**.

Note: *The Annuity Supplement Information fields are disabled if the estimate is a CSRS estimate or a Deceased Employee*

Benefits Summary

Based on your service history, there were one or more periods of service where contributions were refunded to you. You may choose to increase your monthly annuity by repaying the contributions, with interest. To help you understand the impact of certain repayments, we have provided the following information:

BENEFITS	Basic Annuity refer to page 2	To receive the annuity listed below, you will need to pay a: deposit(s) and/or redeposit(s) of \$5,453 refer to page 3
Total computation service Years/Months/Days	25 / 4 / 0	25 / 6 / 2
Annual	19,404	19,532
Survivor Annuity Reduction	1,940	1,953
Annual Gross Annuity	17,464	17,579
Monthly Gross Annuity	1,455	1,464
REDUCTIONS		
HB Premium	217.06	217.06
LI Premium	423.13	423.13
Monthly Net Annuity	814.81	823.81

Please be advised, this is an estimate based on the information you provided. Also, because various rounding techniques are used, the column amounts may not sum to the column total. Finally, this is a pre-tax estimate, no Federal, State or Local taxes have been included in this estimate.

Post 56 Military Deposit

To compute a Post 56 military deposit:

1. Point and click on **Post 56 Military**.
2. Enter the date first covered under CSRS or FERS. If there is a period of intervening military service, enter the date first covered after the period of military service.
3. Enter the type of service:
 - CSRS
 - FERS
4. Enter the date the military service began.
5. Enter the date the military service ended.
6. Enter the last year in which interest is due.

Note: If the last year of interest is beyond the current year, enter an assumed future interest rate in the Future Interest Rate field.

Military Deposit Worksheet

Employee John Doe
 First hired under CSRS/FERS 10/23/1985
 Interest Accrual Date (IAD) 10/23/1988
 Military Service 10/21/1972 to 10/22/1974
 Amount of Earnings \$2,500.00
 Amount of Deposit \$75.00 (3%)
 Interest Accrued \$157.70
 Total Due \$232.70

The year by year accumulated interest is as follows:

IAD	Deposit Amount	Interest	Interest Rate	Total Due
10/23/1988	\$75.00	\$6.37	8.493%	\$81.37
10/23/1989	\$81.37	\$7.31	8.983%	\$88.68
10/23/1990	\$88.68	\$7.82	8.821%	\$96.50
10/23/1991	\$96.50	\$8.35	8.649%	\$104.85
10/23/1992	\$104.85	\$8.62	8.219%	\$113.47
10/23/1993	\$113.47	\$8.30	7.314%	\$121.77
10/23/1994	\$121.77	\$7.81	6.415%	\$129.58
10/23/1995	\$129.58	\$8.89	6.858%	\$138.47
10/23/1996	\$138.47	\$9.55	6.899%	\$148.02
10/23/1997	\$148.02	\$10.18	6.875%	\$158.20
10/23/1998	\$158.20	\$10.72	6.774%	\$168.92
10/23/1999	\$168.92	\$10.03	5.939%	\$178.95
10/23/2000	\$178.95	\$10.47	5.851%	\$189.42
10/23/2001	\$189.42	\$11.90	6.281%	\$201.32
10/23/2002	\$201.32	\$11.40	5.665%	\$212.72
10/23/2003	\$212.72	\$10.84	5.094%	\$223.56
10/23/2004	\$223.56	\$9.14	4.088%	\$232.70

When the initial employment date is before October 1, 1983 the IAD is always October 1, 1986. When the initial employment date is after October 1, 1983, the initial IAD is three years from the date of first employment. If the IAD is December 31 the worksheet automatically defaults to January 1 of the next year.

FACES Retirement Benefits Estimator – A User Guide

SSA Website To go to Social Security Administration’s Benefits Calculators, point and click on **SSA Website** on the **Main Menu**.

TSP Website To go to the Thrift Savings Plan website, point and click on **TSP Website** on the **Main Menu**.

Check-In Case The Check-In Case command on the Main Menu permits the user to return the case to the database. This will allow another user within the agency to retrieve that case at their PC in the same way.

Note: *Cases are automatically checked-in every evening.*

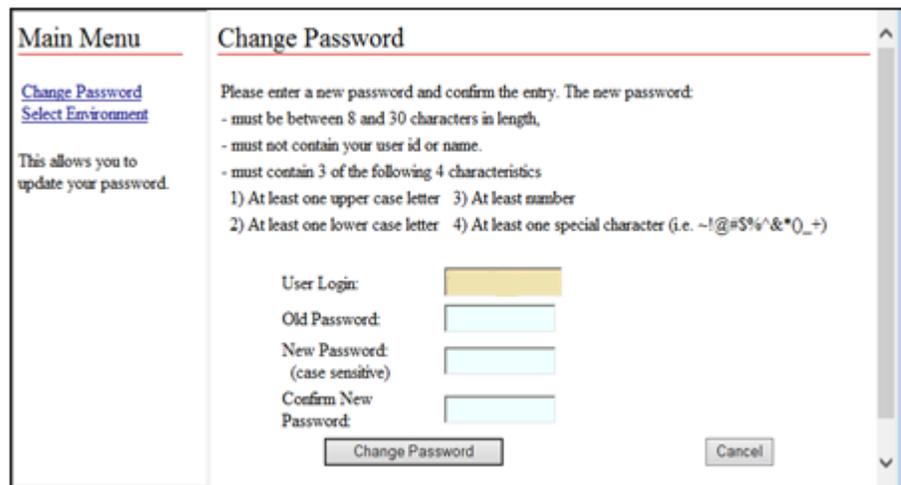

Help Function The RBE is equipped with an online user guide in Adobe Acrobat PDF format. It is located at the bottom of the screens. To access the user guide, point and click on the **FACES User Guide** link.

[FACES User Guide](#)  [14Mb] | [Contact FACES Help Desk](#)

Change Password If you are logging in with a temporary password, you must change your password.

Note: *Users are required to change their password every 60 days.*

Point and click on **Change Password** on the **Main Menu**. The Change Password screen will appear.

FACES Retirement Benefits Estimator – A User Guide

Change

Password

(Continued)

- Enter your old or temporary password in the field labeled Old Password.
- Enter your new password in the field labeled New Password. The new password:
 - Must be 8 to 30 characters in length
 - Must not contain your user ID or name.
 - Must contain 3 of the 4 following:
 - At least one upper case letter.
 - At least one lower case letter.
 - At least one number.
 - At least one special character (i.e. -!@#\$\$%^&*()_+)

Sample Password: **BigApple1**

- To confirm your new password, enter it again in the field labeled Confirm New Password.
- Point and Click on the Change Password button.
- To confirm that your password was changed, the following message will appear.

Support

Contacts

- Retirement Estimator Website: <https://apps.opm.gov/faces>
- Login ID and Password Support: FACES Service Desk, (202) 606-8172
- General Questions or Comments: email us at FACES@opm.gov

Obtaining a Login ID and Password for New Trainees

In order to set up a new trainee you must do the following steps:

- Have the trainee complete and sign a User Access Form.
- The trainee's supervisor must sign Box 5 and the Agency Benefits Officer must sign Box 6 as authorized officials on the same form.
- Fax a complete application to FACES Support Staff at (202) 606-2339.
- Keep the original copy in a file at your agency.
- Within 2 days you and the applicant will receive a permanent login ID and a temporary password so that you can begin your training.

FACES Retirement Benefits Estimator – A User Guide

Appendix – How to Code

Pre and Post 10- Pre and post 10-01-82 CSRS deposits are treated as follows:

01-82 CSRS

Deposit

1. Non-deduction service performed before October 1, 1982, for which no deposit has been made is used in the time base and may be used to compute the average salary if it falls within the high-3 period; however, the annual annuity is reduced by 10% of the amount due as a deposit.
2. Non-deduction service performed after September 30, 1982, for which no deposit has been made is not used in the time base, but is used to compute the average salary if it falls within the high-3 period.

Any time a period of non-deduction service begins before 10/1/82 and ends after 9/30/82, the coding must include a 10/1/82 line in order for the service to be properly credited. If this line is omitted, the FACES will automatically add it.

Work History

- Hired 9/17/1977, on a Temporary Appointment at \$2.34 per hour.
- Received a Pay Adjustment on 7/1/1978 to \$2.42 per hour.
- Separated on 1/16/1979.
- Rehired 2/1/1981 on an Indefinite Appointment at \$4,900 per annum.
- Received a Pay Adjustment on 7/8/1981 to \$5,500.
- Received a Pay Change on 6/7/1983 to \$2.66 per hour.
- Received a Pay Adjustment on 6/6/1984 to \$2.70 per hour.
- Converted to a Career Appointment on 1/23/1985.

FACES Retirement Benefits Estimator – A User Guide

FERS Deposit

FERS Deposit service is treated as follows:

1. Non-deduction service performed before January 1, 1989, for which no deposit has been made cannot be credited for any purpose, including title to an annuity. This includes service performed under CSRS rules which is now being credited under FERS computational rules.
2. Non-deduction service performed after December 31, 1988, cannot be credited for any purpose and deposit cannot be made to cover it with the exception of Peace Corps/VISTA service, U.S. Senate Child Care Center Worker service and Foreign Service.
3. Service for which an individual has received a refund after becoming covered by FERS is not creditable for any purpose and the refund cannot be re-deposited unless later employed under FERS on or after 10/28/2009.
4. Civilian service performed before FERS coverage begins which is subject to both CSRS deductions (generally at 1.3%) and social security deductions (CSRS/SS Offset service) is creditable under FERS computational rules. However, the 1.3% deposit must be paid if deductions were made and later refunded. (If refund was made after FERS election, deposit cannot be made unless later employed under FERS on or after 10/28/2009.)

Work History

- Hired on 9/17/1977 on a Temporary Appointment at \$2.34 per hour.
- Received a Pay Adjustment on 7/18/1978 of \$2.42 per hour.
- Separated on 1/15/1979.
- Rehired on 2/1/1984 on a Temporary Appointment at \$7.60 per hour.
- Received a Pay Adjustment on 2/2/1985 of \$8.38 per hour.
- Separated on 1/25/1986.
- Rehired on 4/20/1988 on a Career Appointment.

Refunded Service in a CSRS Component Case

Pre and post 10-01-90 refunded service in a CSRS component is treated as follows:

1. Refunded CSRS service ending before October 1, 1990 will be allowed for the length of refunded service but the annuity will be actuarially reduced by an amount equal to the reduction for an alternative form of annuity lump sum in the amount of the redeposit. The reduction will be computed using the same actuarial factors used to determine the alternative annuity reductions.
2. Refunded CSRS service ending after September 30, 1990 must be re-deposited in order to receive credit for the service in the annuity computation.

Work History

- Hired 7/14/1983, with CSRS coverage.
- Separated 8/24/1989
- Received a refund of all retirement deductions on 10/10/1989, totaling \$5,000.
- Rehired 11/23/1989, with CSRS coverage.
- Separated 10/30/1990
- Received a refund of all retirement deductions on 12/19/1990, totaling \$550.
- Rehired 6/16/1992, with CSRS Offset coverage.
- Transferred to FERS 1/1/1993
- Retired 8/31/2002.

Refunded CSRS Service Creditable as FERS

CSRS service refunded prior to FERS coverage, when a CSRS component is not payable, is treated as follows – as long as person was under FERS on or after 10/28/2009:

Work History

- Hired 04/15/1972, under a CSRS career conditional appointment.
- Separated 08/05/1976, and withdrew retirement contributions of \$750, which was paid on 09/15/1976.
- Rehired under a career appointment 08/14/1989 and automatically covered by FERS retirement contributions.
- Retired 5/31/2002

Coding: (Even though the refunded service was CSRS, code the start of the appointment as CSRS Offset, as well as the refund line)

Military Service (Catch 62 and Paid)

CSRS Military Service

- A CSRS employee or a FERS employee with military service in a CSRS component:
 - Who was first employed under CSRS before 10/1/82 can receive credit for post-56 military service without making the deposit, potentially undergoing an annuity reduction for the post-1956 military service at age 62.
 - Who was first employed in a position subject to CSRS on or after 10/1/82, receives credit for post-1956 military service only after making a deposit to the employing agency a sum equal to 7 percent of the military basic pay, plus interest.

FERS Military Service

- A FERS employee may receive credit for post-56 military service under FERS rules only if the employee deposits with the employing agency as sum equal to 3 percent of the military basic pay, plus interest.

FACES Retirement Benefits Estimator – A User Guide

Covered Service CSRS Covered Service

- Individuals covered under CSRS pay CSRS employee deductions. Unless they are covered by CSRS Offset, they are excluded from OASDI taxes of Social Security.

CSRS Offset

- Individuals covered under CSRS Offset pay OASDI taxes and a reduced CSRS contribution. CSRS retirement and survivor benefits are offset by the value of the offset service in their Social Security benefits.

FERS Covered Service

- Individuals covered under FERS pay Social Security taxes and FERS basic benefit deductions.

Work History:

- Hired Career-Conditional 3/8/1970, with CSRS coverage.
- Separated 9/30/1977
- Rehired 7/7/1987, with CSRS Offset coverage.
- Elected FERS 1/1/1988
- Retired 12/31/2002

FERS Part-time with a CSRS Component When an employee retires under FERS and the FERS annuity includes a CSRS annuity component, and the employee performed part-time service credited in the FERS component, and/or part-time service performed after April 6, 1986, credited in the CSRS component:

The CSRS annuity component of a CSRS employee who has any part-time service on or after April 7, 1986, is the sum of two separate computations:

- **A pre-April 7, 1986, basic annuity**, using the employee’s total creditable service through April 6, 1986 (plus unused sick leave as of the date of the employee’s separation); and

FACES Retirement Benefits Estimator – A User Guide

FERS Part-time with a CSRS Component
(Continued)

- **A post-April 6, 1986, basic annuity**, using the employee’s service from April 7, 1986, through the date of separation, and leftover days from the length of service used to compute the pre-April 7, 1986, basic annuity. The result of this computation is prorated to reflect the difference between full-time and part-time service.

The FERS annuity component is computed using all periods of FERS service to determine the FERS proration factor, including service before April 7, 1986.

Work History:

- Military Service: 5/12/1958 to 5/11/1960
- Hired 8/18/1965 Career – Worked 40 hrs/week
- Schedule Change 3/12/1970 – Worked 24 hrs/week
- Schedule Change 9/21/1970 – Worked 40 hrs/week
- Schedule Change 7/25/1988 – Worked 32 hrs/week
- Separated 4/6/1990
- Rehired CSRS Offset 3/15/1992 – Worked 40 hrs/week
- Elected FERS 8/15/1992
- Schedule Change 7/31/1995 – Worked 32 hrs/week
- Schedule Change 10/26/1997 – Worked 24 hrs/week
- Schedule Change 5/9/1999 – Worked 40 hrs/week
- Retired 12/31/2002

Note: In a CSRS Part Time case or a FERS Part Time case with a CSRS component, enter Part Time Multiplier and Tour of Duty information beginning on or after April 7, 1986.
